IMPORTANT NOTES

• About floors under construction

As of December 2025, some floors will still be under construction. Even during construction, we will ensure that students can attend classes and go out safely.

<Remarks>

About the 1st and 2nd floors

The 1st and 2nd floors are commercial areas. Restaurants, cafés, offices, and convenience stores are scheduled to open. During tenant turnover, there may be temporary construction work.

About the dormitory

We do not currently operate all rooms on each floor as dormitory rooms as of 2025. Because of this, there may be general residents living on the same floors. We plan to contract the entire floors from 2026 onward.
